### ***【Takayama Old Town】***

Takayama retains a traditional touch like few other Japanese cities, especially in its beautifully preserved old town. It now ranks as one of the prime candidates among travelers wishing to add a rural element into their itineraries.

### ***【Shirakawa-go】***

The Shirakawa-go and neighboring Gokayama regions line the Shogawa River Valley in the remote mountains that span from Gifu to Toyama Prefectures. Declared a UNESCO world heritage site in 1995, they are famous for their traditional gassho-zukuri farmhouses, some of which are more than 250 years old.
